## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. Claims 1-3 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention.

a. The claims do not recite two second bolts and the invention is not disclosed as being able to function without these elements.

1. Claims 4 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

a. "the two second bolts" in claim 4, line 5. This phrase lacks proper antecedent basis.

### ***Allowable Subject Matter***

1. The following is a statement of reasons for the indication of allowable subject matter:

a. The prior art does not disclose nor suggest an installing device having a bar with three threaded holes, a first bolt, a carrying member and two second bolts.

b. The prior art does not show a bar with three threaded holes and a carrying member which can be modified without destroying the function of the present

invention being modified. Grego does not have a carrying member and cannot be modified to have one.

***Conclusion***

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Grego jr, Osborne, Anfuso, Strong, Klann, Barenburg, and Sawada et al disclose a device.
